Leverage Risk Disclosure and Significant Shareholder Information

Important Information about Leverage Risk

Securities law require us to remind you that using borrowed money to finance the purchase of securities involves greater risk than a purchase using cash resources only. If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same, even if the value of the securities purchased declines. An investment strategy that uses borrowed money could result in far greater losses than an investment strategy that does not use borrowed money. There may also be tax consequences to you if assets in your account must be sold in order to meet any obligations to repay the borrowed money or any interest owing.

Important Reminders for Insiders and Significant Shareholders

To maintain a level playing field for all investors, you are reminded that Canadian securities industry regulations require insiders and significant shareholders of publicly traded companies to disclose their status when opening a brokerage account, and to disclose any changes of status as they occur.

You are also reminded that if you are an insider or significant shareholder, you are required to disclose your status when placing trades on any Canadian exchange or market for equities and options issued by, or related to, the company with which you are associated.

The same declaration requirement applies if you have trading authority or power of attorney on another person's account and are placing trades on their behalf, and you or the other person is an insider or a significant shareholder of the issuer's securities. This requirement also applies to accounts where as an insider/ significant shareholder, you have a financial interest in, and/or a beneficial ownership interest in, an account.

TD Direct Investing clients who are insiders of publicly traded companies can declare their status when placing orders on WebBroker or Advanced Dashboard. These orders cannot be placed through TeleMax or TalkBroker; however, you can place orders over the phone through an Investment Representative and disclose insider/significant shareholder status. Clients of the TD Easy Trade™ service who are insiders of publicly traded companies can declare their status when placing orders on the TD Easy Trade™ App.

There are restrictions that apply to the sale of securities on the Toronto Stock Exchange (TSX) when you are a significant shareholder.

We value your business. If you have questions, or to update your information regarding your insider or significant shareholder status, including whether you are a reporting insider, for TD Direct Investing clients, please log into the TD App and choose Contact Us or call 1-800-465-5463 between 7 a.m. and 8 p.m. ET, Monday to Friday to speak to an Investment Representative. Clients of the TD Easy Trade™ service can log into the TD Easy Trade™ App and select Help for a list of help resources or call an Investment Representative at 1-877-250-2588.
