

Important information for our clients

From time to time, we enclose important information, updates and reminders with our statements in order to help our clients make better-informed investment decisions.

Leveraged Risk Disclosure Statement

Using borrowed money to finance the purchase of securities involves greater risk than a purchase using cash resources only.

If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same, even if the value of the securities purchased declines.
