1. The Bank prepares its consolidated financial statements in accordance with International Financial Reporting Standards (IFRS), the current generally accepted accounting principles (GAAP), and refers to results prepared in accordance with IFRS as "reported" results. The Bank also uses non-GAAP financial measures referred to as "adjusted" results (i.e., reported results excluding "items of note") to assess each of its businesses and measure overall Bank performance. Adjusted net income, adjusted earnings per share (EPS) and related terms used in this presentation are not defined terms under GAAP and may not be comparable to similar terms used by other issuers. See "How the Bank Reports" in the Bank's Q4 2020 Earnings News Release and Q4 2020 MD&A (www.td.com/investor) for further explanation, reported basis results, a list of the items of note, and a reconciliation of non-GAAP measures.

2. Average number of full-time equivalent staff.

3. Ratings on senior long term debt of The Toronto-Dominion Bank as at October 31, 2020. Credit ratings are not recommendations to purchase, sell, or hold a financial obligation inasmuch as they do not comment on market price or suitability for a particular investor. Ratings are subject to revision or withdrawal at any time by the rating organization. Represents Moody's Long-Term Deposits Ratings and Counterparty Risk Rating, S&P's Issuer Credit Rating, and DBRS' Long-Term Issuer Rating.

4. Includes (a) Senior debt issued prior to September 23, 2018 and (b) senior debt issued on or after September 23, 2018 which is excluded from the bank recapitalization "bail-in" regime, including debt with an original term-to-maturity of less than 400 days and most structured notes.

5. Subject to conversion under the bank recapitalization "bail-in" regime.

6. Amounts are calculated in accordance with the Basel III regulatory framework and are presented based on the "all-in" methodology.

Q4 2020 Business Segment Performance

(except as noted, figures are in CAD millions and percentages reflect year-over-year change)

Canadian Retail

Revenue decreased 2%. **Net interest income** decreased 6% reflecting lower deposit margins, partially offset by deposit and loan volume growth. **Net interest margin** was 2.71%, up 3 bps QoQ, reflecting improving loan margins. **Non-interest income** increased 3%, reflecting higher transaction and fee-based revenue in the wealth business and higher insurance revenue, partially offset by lower fees in the banking businesses. **Average loan volumes** increased 3%, reflecting 3% growth in personal loans and 4% growth in business loans. **Average deposit volumes** increased 20%, reflecting 15% growth in personal deposits, 23% growth in business deposits, and 42% growth in wealth deposits. **AUA** increased 3%, reflecting new asset growth, and **AUM** increased 1%, reflecting market appreciation. **Provisions for credit losses** decreased 74% QoQ. PCL – impaired decreased by \$173 million, or 47%; PCL – performing decreased by \$527 million, reflecting a smaller increase to the performing allowance for credit losses this quarter in the consumer and commercial lending portfolios. Total PCL as an annualized percentage of credit volume was 0.22%, a decrease of 64 bps. **Insurance claims and related expenses** decreased 11%, reflecting lower current accident year claims, no severe weather-related events and favourable prior-year claims development, partially offset by an increase in certain current year claims reserves, as well as an increase in the fair value of investments supporting claims liabilities which resulted in a similar increase to non-interest income. **Non-interest expenses** increased 2% reflecting higher spend supporting business growth, partially offset by a reduction in project and other discretionary spend.

U.S. Retail (\$USD)

Revenue for the quarter decreased 8%. **Net interest income** decreased 7%, reflecting lower deposit margins, partially offset by growth in loan and deposit volumes. **Net interest margin** was 2.27%, a decrease of 23 bps QoQ, reflecting lower deposit margins and balance sheet mix. **Non-interest income** decreased 10%, primarily reflecting lower deposit fees. **Average loan volumes** increased 7%. Personal and business loans increased 3% and 10%, respectively, with significant increases in business loans reflecting originations under the SBA PPP. **Average deposit volumes** increased 30%, reflecting a 35% increase in sweep deposit volumes, a 37% increase in business deposits volumes, and a 17% increase in personal deposit volumes. **PCL** decreased \$222 million QoQ. PCL – impaired decreased by US\$100 million, primarily reflected in the consumer lending portfolios, largely reflecting the ongoing impact of bank and government assistance programs; PCL – performing decreased by \$122 million, reflecting a smaller increase to the performing allowance for credit losses this quarter. U.S. Retail PCL including only the Bank's contractual portion of credit losses in the U.S. strategic cards portfolio, as an **annualized percentage of credit volume**, was 1.01% or a decrease of 50 bps QoQ. **Non-interest expenses** decreased by \$7 million, primarily reflecting restructuring charges in the prior year and productivity savings this year, partially offset by costs to support customers and employees during the COVID-19 pandemic, higher employee-related costs, and a prior year adjustment to post-retirement benefit costs. The reported **contribution from TD Ameritrade** increased 16%, primarily reflecting higher trading volumes and lower operating expenses, partially offset by reduced trading commissions and lower asset-based revenue.
