

Quarterly Results Presentation

TD Bank Group – Q2 2026 – May 28, 2026

Caution Regarding Forward-Looking Statements

From time to time, TD Bank Group ("TD" or the "Bank") makes written and/or oral forward-looking statements, including in this document, in other filings with Canadian regulators or the United States (U.S.) Securities and Exchange Commission (SEC), and in other communications. In addition, representatives of the Bank may make forward-looking statements orally to analysts, investors, the media, and others. All such statements are made pursuant to the "safe harbour" provisions of, and are intended to be forward-looking statements under, applicable Canadian and U.S. securities legislation, including the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements made in this document and/or on the conference call, the Management's Discussion and Analysis (2025 MD&A) in the Bank's 2025 Annual Report under the heading "Economic Summary and Outlook", under the headings "Key Priorities for 2026" and "Operating Environment and Outlook" for the Canadian Personal and Commercial Banking, U.S. Banking, Wealth Management and Insurance, and Wholesale Banking segments, and under the heading "2025 Accomplishments and Focus for 2026" for the Corporate segment, and in other statements regarding the Bank's objectives and priorities for 2026 and beyond and strategies to achieve them, the regulatory environment in which the Bank operates, and the Bank's anticipated financial performance. Forward-looking statements are typically identified by words such as "will", "would", "should", "believe", "expect", "anticipate", "intend", "estimate", "forecast", "outlook", "plan", "goal", "target", "possible", "potential", "predict", "project", "may", and "could" and similar expressions or variations thereof, or the negative thereof, but these terms are not the exclusive means of identifying such statements. By their very nature, these forward-looking statements require the Bank to make assumptions and are subject to inherent risks and uncertainties, general and specific. Especially in light of the uncertainty related to the physical, financial, economic, political, and regulatory environments, such risks and uncertainties – many of which are beyond the Bank's control and the effects of which can be difficult to predict – may cause actual results to differ materially from the expectations expressed in the forward-looking statements.

Risk factors that could cause, individually or in the aggregate, such differences include: strategic, credit, market (including equity, commodity, foreign exchange, interest rate, and credit spreads), operational (including technology, cyber security, process, systems, data, third-party, fraud, infrastructure, insider and conduct), model, insurance, liquidity, capital adequacy, compliance and legal, financial crime, reputational, environmental and social, and other risks. Examples of such risk factors include general business and economic conditions in the regions in which the Bank operates; geopolitical risk (including policy, trade and tax-related risks and the potential impact of any new or elevated tariffs or any retaliatory tariffs); inflation, interest rates and recession uncertainty; regulatory oversight and compliance risk; risks associated with the Bank's ability to satisfy the terms of the global resolution of the investigations into the Bank's U.S. Bank Secrecy Act (BSA)/anti-money laundering (AML) program; the impact of the global resolution of the investigations into the Bank's U.S. BSA/AML program on the Bank's businesses, operations, financial condition, and reputation; the ability of the Bank to execute on long-term strategies, shorter-term key strategic priorities, including the successful completion of acquisitions and dispositions and integration of acquisitions, the ability of the Bank to achieve its financial or strategic objectives with respect to its investments, business retention plans, and other strategic plans; the business relationship with The Charles Schwab Corporation through the insured deposit account agreement exposes the Bank to certain risks; technology and cyber security risk (including cyber-attacks, data security breaches or technology failures) on the Bank's technologies, systems and networks, those of the Bank's customers (including their own devices), and third parties providing services to the Bank; data risk; model risk; fraud activity; insider risk; conduct risk; the failure of third parties to comply with their obligations to the Bank or its affiliates, including relating to the care and control of information, and other risks arising from the Bank's use of third-parties; the impact of new and changes to, or application of, current laws, rules and regulations, including consumer protection laws and regulations, tax laws, capital guidelines and liquidity regulatory guidance; increased competition from incumbents and new entrants (including Fintechs and big technology competitors); shifts in consumer attitudes and disruptive technology; environmental and social risk (including climate-related risk); exposure related to litigation and regulatory matters; ability of the Bank to attract, develop, and retain key talent; changes in foreign exchange rates, interest rates, credit spreads and equity prices; downgrade, suspension or withdrawal of ratings assigned by any rating agency, the value and market price of the Bank's common shares and other securities may be impacted by market conditions and other factors; the interconnectivity of financial institutions including existing and potential international debt crises; increased funding costs and market volatility due to market illiquidity and competition for funding; critical accounting estimates and changes to accounting standards, policies, and methods used by the Bank; and the occurrence of natural and unnatural catastrophic events and claims resulting from such events.

The Bank cautions that the preceding list is not exhaustive of all possible risk factors and other factors could also adversely affect the Bank's results. For more detailed information, please refer to the "Risk Factors and Management" section of the 2025 MD&A, as may be updated in subsequently filed quarterly reports to shareholders and news releases (as applicable) related to any events or transactions discussed under the headings "Significant Events", "Significant and Subsequent Events" or "Update on U.S. Bank Secrecy Act (BSA)/Anti-Money Laundering (AML) Program Remediation and Enterprise AML Program Improvement Activities" in the relevant MD&A, which applicable releases may be found on www.td.com. All such factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements, should be considered carefully when making decisions with respect to the Bank. The Bank cautions readers not to place undue reliance on the Bank's forward-looking statements. Material economic assumptions underlying the forward-looking statements contained in this document and/or on the conference call are set out in the 2025 MD&A under the headings "Economic Summary and Outlook" and "Significant Events", under the headings "Key Priorities for 2026" and "Operating Environment and Outlook" for the Canadian Personal and Commercial Banking, U.S. Banking, Wealth Management and Insurance, and Wholesale Banking segments, and under the heading "2025 Accomplishments and Focus for 2026" for the Corporate segment, each as may be updated in subsequently filed quarterly reports to shareholders and news releases (as applicable). Any forward-looking statements contained in this document and/or on the conference call represent the views of management only as of the date hereof and are presented for the purpose of assisting the Bank's shareholders and analysts in understanding the Bank's financial position, objectives and priorities and anticipated financial performance as at and for the periods ended on the dates presented, and may not be appropriate for other purposes. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf, except as required under applicable securities legislation.

-------------------------------------	--	---	---	---	---------------------------

Strong Momentum Across our Businesses

Canadian Personal & Commercial Banking

- Record Q2 revenue, PTPP¹, and earnings
- RESL loans up 5% YoY, focusing on speed and specialization driving profitable growth
- In Cards, achieved strong acquisition and record penetration rates for consumer & small business credit cards
- Business loans up 7% YoY, supported by distribution expansion and broad-based momentum
- TD Auto Finance #1 in JD Power 2026 Canada Dealer Financing Satisfaction Study among both Non-Prime and Prime Credit Non-Captive Automotive Financing Lenders²

U.S. Banking

- Continued progress on AML remediation, our #1 priority
- Loans down 7% YoY, or up 3% YoY excluding loan portfolios identified for sale or run-off^{1,3}
- Middle market lending up 13% YoY
- Home equity lending up 7% YoY
- U.S. Bankcard balances up 18% YoY driven by strong acquisition
- Record Q2 originations drove TD Auto Finance loans up 4% YoY, with ~90% in super prime and prime segments
- Record mass affluent sales drove double-digit asset growth YoY

Wealth Management & Insurance

- Record earnings and assets
- Launched the fully redesigned TD Easy Trade™ app, offering leading capabilities and 100 free trades to continue to acquire the next generation of investors
- In TD Direct Investing, new accounts up 16% YoY and trades per day up 11% YoY
- Expanded market share in ETFs with assets surpassing \$37B, on track for medium-term target of \$54B
- Continued to build on position as Canada's leading digital, direct insurer, with over 80% of TD Insurance clients digitally engaged⁴

Wholesale Banking

- Delivered record earnings
- Deepened client relationships and won significant mandates, including bookrunner on the largest Canadian corporate bond deal of all time and the largest biotech primary follow-on equity offering on record
- Acted as Joint Lead Manager on Canada's first tokenized bond
- Top 10 in U.S. Equity and Equity-Linked league tables⁵
- TD Securities voted Overall Commodities Dealer of the Year in the 2026 Energy Risk Commodity Rankings by Risk.net⁶

Deeper, Faster, Disciplined

Deeper Relationships

Canadian Personal Banking generated ~\$9B in closed referrals to Wealth this quarter, double-digit growth YoY

In Canadian Wealth, record volumes of \$1.5B referred from Direct Investing to Advice

Simpler & Faster

Realigning Small Business Banking to Canadian Personal Banking to accelerate growth

Converted Nordstrom credit card clients onto TD's servicing platform, leveraging cards infrastructure to scale the business and opening opportunities for new strategic cards partnerships

Disciplined Execution

U.S. Banking ROE 8.2% (Adj² 9.6%) and Wholesale Banking ROE 14.5%, both significant improvements YoY

In Insurance, deployed Agentic AI capabilities to enhance productivity, improve file quality, and reduce cycle time to strengthen fraud detection

&

~\$500MM
Annualized Cost Savings

Delivered **~\$145MM** in AI value year-to-date, ahead of pace for target² of **~\$200MM** in F'26

- RESL pre-adjudication cycle time reduced from ~15 hours to ~3 minutes using Agentic AI
- TD Insurance set a new industry standard for AI adoption in Canada, becoming the first home & auto insurer to launch a client-facing, generative AI virtual assistant

Q2 2026 Brand and Sustainability Highlights

[2025 Sustainability Report](#)

Strong Employer Brand

Sustainability Highlights

- Issued two green bonds totaling ~\$1.8B across Canadian and European markets
- First bank to join CleanAI Initiative to advance AI solutions creating sustainable outcomes
- Through TD Charitable Foundation's 20th annual Housing for Everyone program, granted US\$10MM to 40 nonprofits supporting housing affordability and stability in the U.S.

U.S. BSA / AML Remediation¹

Work on management remediation actions, including demonstrated sustainability, will continue through 2026 and 2027

2024

2025

2026

2027

2028

Internal Audit Validation and Monitor and Regulatory Engagement

Following Monitor and Regulatory Review, additional management remediation actions may be required that would take place after 2027

Completed Actions

- ✓ **Transaction monitoring and investigation processes** continue to mature
- ✓ Deployed **improved customer risk rating model** in our new Know Your Customer platform, further enhancing client risk assessments
- ✓ **Enhanced Financial Crime Risk Management training program** with improved controls to monitor training delivery and effectiveness
- ✓ **Upgraded front-line onboarding systems** for Money Service Businesses, improving detection, identification and management
- ✓ Third-party vendor completed **first population of lookback reviews**

What is in flight

- Continued deployments of new **Know Your Customer** platform
- Further deployments of **machine learning and specialized AI**
- Further delivery of **training and development** for colleagues
- Continued execution of **lookback reviews** as required under the OCC and FinCEN consent orders

The U.S. BSA/AML remediation program remains subject to risks and uncertainties, including the review by the Monitor, and approval by our Regulators, FinCEN and the DOJ

Q2 2026 Highlights

Strong quarter

EPS of \$2.43 (Adj¹ \$2.38, up 21% YoY)

PTPP¹ \$7.4B (Adj¹ \$5.8B, up 12% YoY, excl. U.S. strategic cards portfolio partners' share (SCP), FX, & ISE)

Revenue down 31% YoY (Adj¹ up 6% YoY)

- Reported incl. receivable adjustment for U.S. SCP and income tax adjustment on gain on sale of Schwab shares in current year and upfront loss from U.S. balance sheet restructuring in prior year
- Higher revenue from markets-driven businesses, margin expansion, and volume growth in Canadian P&C

PCL of \$1,001MM

Expenses up 3% YoY (Adj¹ up 5% YoY; ~2% driven by variable compensation, FX & SCP)

- Reported incl. restructuring charges in prior year
- Higher governance & control investments (incl. costs for U.S. BSA/AML remediation) and spend supporting business growth initiatives including employee-related expenses

P&L (\$MM)	Q2/26	QoQ	YoY
Reported

Allowance for Credit Losses (ACL)

Highlights

- ACL decreased \$147 million quarter-over-quarter, reflecting:
 - Lower impaired allowance in Wholesale Banking
 - Partially offset by a performing build largely related to an update to the macroeconomic outlook
- While there are many potential scenarios that may impact the economic trajectory and credit performance, the Bank's fiscal 2026 PCLs are expected to be in the range of 40 to 50 basis points, consistent with prior guidance⁵

U.S. Strategic Cards Portfolio

Illustrative Example of Accounting

	(\$MM)
Credit Card Portfolio	1,000
Revenue	150
Credit Losses	(50)
Risk-Adjusted Profit	100

Mechanics:

- TD collects revenue.
- TD establishes a reserve for the total credit losses and a receivable for the partners' share of credit losses.
- TD pays partners their share of risk-adjusted profit ('payment' in table below).

Assuming 10% decrease in partner share*

	Before	After
Credit Loss Reserve	100	100
Partners' Share	80%	70%
Receivable	80	70
Receivable Adjustment		10

Adjustment to credit loss receivable to reflect decrease in Nordstrom's share treated as item of note in non-interest income in U.S. Banking this quarter

Assuming 70% partner share / 30% TD share*

Income Statement Presentation	Total Bank	U.S. Banking	Corporate
Revenue	Gross at 100% = 150	Net at 30% = 45	Net at 70% = 105
Credit Losses	Gross at 100% = (50)	Net at 30% = (15)	Net at 70% = (35)
Non-Interest Expense	Payment at 70% = (70)	-	Payment at 70% = (70)
Net Income Before Taxes	Net at 30% = 30	Net at 30% = 30	-

* The split differs by partner, with TD having a higher share under the new Nordstrom agreement and a lower share under the Target agreement.

Canadian Real Estate Secured Lending Portfolio

Highlights

- Total Canadian real estate secured lending portfolio at \$418B**
 - 91% of RESL portfolio is amortizing⁴
 - 76% of HELOC portfolio is amortizing
 - 44% variable interest rate, of which 22% Mortgage and 22% HELOC
 - 13% of RESL portfolio insured
- Canadian RESL credit quality remained strong**
 - Five-year average impaired loss rate ~1bp
 - Uninsured average Bureau score⁵ of 792, largely stable quarter-over-quarter
 - Less than 1% of the RESL portfolio is uninsured, has a bureau score of 650 or lower and LTV greater than 75%
- Condo and Investor⁶ RESL credit quality consistent with broader portfolio**
 - Condo RESL represented ~15% of RESL outstanding with 18% insured
 - Investor RESL represented ~12% of RESL outstanding

Provision for Credit Losses – Impaired¹

By Geographic Location

Non-Bank Financial Institutions (NBFI)

Highlights

- Gross loans to the financial sector within our business & government portfolio represents \$61.9B
 - Of which: \$34.1B are loans to NBFI
 - Five-year average impaired loss rate of ~1bp
- Gross Loans to NBFI are:
 - Broadly diversified across industry sub-segments and borrowers
 - Largely comprised of investment and pension funds, securitization, leasing, and insurance companies
 - Predominantly investment grade
- Loans to NBFI for private credit and equity financing represents ~1% of the Bank's gross loans, primarily consisting of:
 - Subscription / Capital Call Facilities
 - Predominantly investment grade

Slide 2

1. The Bank prepares its Interim Consolidated Financial Statements in accordance with International Financial Reporting Standards (IFRS), the current generally accepted accounting principles (GAAP), and refers to results prepared in accordance with IFRS as the “reported” results. The Bank also utilizes non-GAAP financial measures such as “adjusted” results (i.e., reported results excluding “items of note”) and non-GAAP ratios to assess each of its businesses and to measure overall Bank performance. The Bank believes that non-GAAP financial measures and non-GAAP ratios provide the reader with a better understanding of how management views the Bank’s performance. Non-GAAP financial measures and non-GAAP ratios used in this presentation are not defined terms under IFRS and, therefore, may not be comparable to similar terms used by other issuers. Refer to the “How We Performed” or “How Our Businesses Performed” sections of the Bank’s Q2 2026 MD&A (available at <https://www.td.com/investor-relations> and www.sedarplus.ca), which is incorporated by reference, for further explanation, a list of the items of note, and a reconciliation of adjusted to reported results.
2. For additional information about this metric, refer to the Glossary in the Bank’s Q2 2026 MD&A, which is incorporated by reference.
3. Pre-tax, pre-provision earnings (PTPP) is a non-GAAP financial measure that is typically calculated by subtracting expenses from revenues. At the total Bank level, TD calculates PTPP as the difference between adjusted revenue (for U.S. Banking in US\$) net of insurance service expense (ISE), and adjusted expenses (for U.S. Banking in US\$), grossed up by the retailer program partners’ share of PCL for the Bank’s U.S. strategic cards portfolio. Collectively, these adjustments provide a measure of PTPP that management believes is more reflective of underlying business performance.
4. This measure has been calculated in accordance with the Office of the Superintendent of Financial Institutions Canada’s (OSFI’s) Capital Adequacy Requirements guideline.
5. The Bank’s fiscal 2026 and medium-term financial targets are based on forward-looking assumptions that have inherent risks and uncertainties. Results may vary depending on actual economic conditions, including the level of unemployment, interest rates, and economic growth or contraction, the operating environment, including regulatory requirements, political environment, and competitive landscape, and the Bank’s assumptions on future business performance, including credit conditions and performance, inclusive of policy and trade uncertainty and borrower or industry specific credit factors and conditions, and foreign exchange impact. These assumptions are subject to inherent uncertainties and may vary based on factors outside the Bank’s control. For additional information about risks and uncertainties that may impact the Bank’s estimates refer to Slide 1 of this presentation and in the “Risk Factors That May Affect Future Results” section of the Bank’s Q2 2026 MD&A.
6. The Bank’s expectations regarding expense growth are based on the Bank’s assumptions regarding certain factors, including governance and control investments, timing of business investments, employee-related expenses, foreign exchange impact, gross-up of the retailer program partners’ share of PCL for the Bank’s U.S. strategic cards portfolio (“SCP Impact”), and productivity and restructuring savings. In particular estimating its expense growth expectations, the Bank has assumed that the following three factors on the Bank’s fiscal 2026 adjusted expenses will be the same as the Bank’s fiscal 2025 adjusted expenses: (i) variable compensation in Wholesale Banking and Wealth Management, (ii) foreign exchange translation, and (iii) SCP Impact. For reference, in the second quarter of 2026, variable compensation, foreign exchange translation, and the SCP impact, in the aggregate, accounted for approximately 2% of the year-over-year 5% increase in adjusted non-interest expenses. The Bank’s assumptions are subject to inherent uncertainties and may vary based on factors both within and outside the Bank’s control, including the accuracy of the Bank’s employee compensation and benefit expense forecasts, impact of business performance on variable compensation, inflation, the pace of productivity initiatives across the organization, and unexpected expenses such as legal matters. For additional information about risks and uncertainties that may impact the Bank’s estimates refer to Slide 1 of this presentation and in the “Risk Factors That May Affect Future Results” section of the Bank’s Q2 2026 MD&A.
7. Operating Leverage is a non-GAAP measure that the Bank calculates as the difference between the percentage change in adjusted revenue (U.S. Banking in US\$) net of insurance service expense, and adjusted expenses (U.S. Banking in US\$) grossed up by the retailer program partners’ share of PCL for the Bank’s U.S. strategic cards portfolio. Collectively, these adjustments provide a measure of operating leverage that management believes is more reflective of underlying business performance.
8. The Bank’s estimated PCL range is based on forward-looking assumptions that have inherent risks and uncertainties. Results may vary depending on actual economic or credit conditions and performance, such as the level of unemployment, interest rates, economic growth or contraction, and borrower or industry specific credit factors and conditions, inclusive of policy and trade uncertainty. The Bank’s PCL estimate is subject to risks and uncertainties including those set out on Slide 1 of this presentation and in the “Risk Factors That May Affect Future Results” section of the Q2 2026 MD&A.
9. PCL Ratio: Provision for Credit Losses on a quarterly annualized basis/Average Net Loans.

1. Please refer to Slide 2, Endnote 1.
2. TD Auto Finance received the highest score in the retail non-captive non-prime segment and the retail non-captive prime segment in the JD Power 2024-2026 Canada Dealer Financing Satisfaction Studies, which measure Canadian auto dealers’ satisfaction with their auto finance providers. Visit jdpower.com/awards for more details.
3. Loan portfolios identified for sale or run-off include the Point-of-Sale finance business which services third party retailers, correspondent lending, export and import lending, commercial auto dealer portfolio, and other non-core portfolios. Q2 2026 average loan volumes: US\$173 billion (Q1 2026: US\$175 billion; Q2 2025: US\$187 billion). Q2 2026 average loan volumes of loan portfolios identified for sale or run-off: US\$9 billion (Q1 2026: US\$11 billion; Q2 2025: US\$27 billion). Q2 2026 average loan volumes excluding loan portfolios identified for sale or run-off US\$164 billion (Q1 2026: US\$164 billion; Q2 2025: US\$160 billion).
4. Based on the share of transactions completed digitally. As compared to other major insurers based on metrics disclosed in their public presentations.
5. Source: Bloomberg, January 1, 2026 through May 21, 2026.

Endnotes on Slides 4 to 9

Slide 4

1. Please refer to Slide 2, Endnote 5.
2. Please refer to Slide 2, Endnote 1.
3. Please refer to Slide 2, Endnote 2.
4. Efficiency ratio (net of ISE) is a non-GAAP ratio. The adjustment of insurance service expense (ISE) provides a measure of efficiency that management believes is more reflective of underlying business performance.
5. TD calculates adjusted organic capital accretion as adjusted net income after-tax less dividends less risk-weighted assets (RWA) growth (excluding Model / Methodology updates and FX), which is converted to basis points (bps) impact to Common Equity Tier 1 (CET1) capital. Capital Accretion measures performance of generating incremental capital.

Slide 5

1. The Bank's expectations regarding annualized cost savings over the medium-term are based on the Bank's forward-looking assumptions, including general economic conditions, foreign exchange impact, and the operating environment, including regulatory, legal and political landscape. These assumptions are subject to inherent uncertainties and may vary based on factors outside the Bank's control. For additional information about risks and uncertainties that may impact the Bank's estimates refer to Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A.
2. The Bank's expectations regarding fiscal 2026 and medium-term targets for incremental revenue and cost savings driven by AI are subject to inherent uncertainties and are based on the Bank's assumptions regarding certain factors, including general economic and market conditions and the prioritization and timing of business investments to execute against delivery roadmaps. These assumptions are subject to inherent uncertainties and may vary based on factors outside the Bank's control. For additional information about risks and uncertainties that may impact the Bank's estimates refer to Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A.

Slide 7

1. As previously disclosed in the Bank's 2024 MD&A, on October 10, 2024, the Bank announced that, following active cooperation and engagement with authorities and regulators, it reached a resolution (the "Global Resolution") of previously disclosed investigations related to its U.S. Bank Secrecy Act ("BSA") and Anti-Money Laundering ("AML") compliance programs (collectively, the "U.S. BSA/AML program"). The Bank and certain of its U.S. subsidiaries consented to orders with the Office of the Comptroller of the Currency (OCC), the Federal Reserve Board (FRB), and the Financial Crimes Enforcement Network (FinCEN) and entered into plea agreements with the Department of Justice (DOJ), Criminal Division, Money Laundering and Asset Recovery Section and the United States Attorney's Office for the District of New Jersey. The Bank is focused on meeting the terms of the consent orders and plea agreements, including meeting the requirements to remediate the Bank's U.S. BSA/AML program. In addition, the Bank is also undertaking remediation of the Bank's enterprise-wide AML/Anti-Terrorist Financing and Sanctions Programs ("Enterprise AML Program"). For additional information on the Global Resolution, the Bank's U.S. BSA/AML program remediation activities, the Bank's Enterprise AML Program improvement activities, and the risks associated with the foregoing, see Slide 1 of this presentation and the "Update on the Remediation of the U.S. BSA/AML Program and Enterprise AML Program" and "Risk Factors That May Affect Future Results – Remediation of the Bank's U.S. BSA/AML Program and Enterprise AML Program" sections of the Bank's 2025 MD&A and "Update on the remediation of the U.S. Bank Secrecy Act (BSA)/Anti-Money Laundering (AML) Program and Enterprise AML Program" section of the Bank's Q2 2026 MD&A.

Slide 8

1. Please refer to Slide 2, Endnote 1.
2. Revenue (net of ISE) is a non-GAAP financial measure. The adjustment of insurance service expense (ISE) provides a measure of revenue that management believes is more reflective of underlying business performance.

Slide 9

1. Please refer to Slide 2, Endnote 1.
2. Net interest margin (NIM) is calculated by dividing net interest income by average interest-earning assets. This metric is an indicator of the profitability of the Bank's earning assets less the cost of funding. Average interest-earning assets used in the calculation of NIM is a non-GAAP financial measure. NIM and average interest-earning assets are not defined terms under IFRS and, therefore, may not be comparable to similar terms used by other issuers.
3. The Bank's Q3 2026 net interest margin expectations for the segment are based on the Bank's assumptions regarding factors such as Bank of Canada rate actions, competitive market dynamics, and deposit reinvestment rates and maturity profiles, and are subject to inherent risks and uncertainties, including those set out on Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A.
4. Effective June 1, 2026, the Bank will implement a reorganization within the Canadian Personal and Commercial Banking segment, whereby Small Business Banking will transition from Canadian Business Banking to Canadian Personal Banking. The reorganization will not impact the segment's reporting.

Endnotes on Slides 10 to 17

Slide 10

1. Please refer to Slide 2, Endnote 1.
2. Please refer to Slide 3, Endnote 3.
3. Please refer to Slide 2, Endnote 2.
4. Net interest margin is calculated by dividing U.S. Banking segment's net interest income by average interest-earning assets excluding the impact related to sweep deposits arrangements and the impact of intercompany deposits and cash collateral, which management believes better reflects segment performance. In addition, the value of tax-exempt interest income is adjusted to its equivalent before-tax value. For investment securities, the adjustment to fair value is included in the calculation of average interest-earning assets. Net interest income and average interest-earning assets used in the calculation are non-GAAP financial measures.
5. The Bank's Q3 2026 net interest margin expectations for the segment are based on the Bank's assumptions regarding interest rates, deposit reinvestment rates, average asset levels, execution of planned restructuring opportunities, and other variables, and are subject to inherent risks and uncertainties, including those set out on Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A.
6. The total amount expected to be spent on remediation and governance and control investments is subject to inherent uncertainties and may vary based on (i) the scope of work in the U.S. BSA/AML remediation plan which could change as a result of additional findings that are identified as work progresses, (ii) actual third party monitor and lookback review costs which could vary from initial estimates and are not entirely within the control of the Bank, as well as (iii) the Bank's ability to successfully execute against the U.S. BSA/AML remediation program in accordance with the U.S. Banking segment's fiscal 2026 and medium-term plan. For additional information about risks and uncertainties that may impact the Bank's estimates refer to Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A. In addition, please refer to Slide 7, Endnote 1.
7. The Bank's expectations regarding expense growth are based on the assumptions regarding certain factors, including the Bank's ability to successfully execute against its governance and control initiatives, including U.S. BSA/AML remediation, the timing of business investments, and productivity and restructuring savings. For additional information about risks and uncertainties that may impact the Bank's estimates refer to Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A.

Slide 11

1. Please refer to Slide 2, Endnote 1.
2. Includes AUA administered by TD Investment Services Inc. which is part of the Canadian Personal and Commercial Banking segment.

Slide 12

1. Please refer to Slide 2, Endnote 1.

Slide 13

1. Please refer to Slide 2, Endnote 1.
2. After the termination of the merger agreement between the Bank and First Horizon on May 4, 2023, the residual impact of the strategy is reversed through net interest income.
3. The current quarter income tax impact includes an adjustment to the Bank's estimate of taxes owed on the gain from its disposition of Schwab shares in the prior year. Refer to "Income Taxes" in the "Financial Results Overview" section of the Bank's Q2 2026 MD&A.
4. Please refer to Slide 2, Endnote 2.

Slide 14

1. Capital and liquidity measures are calculated in accordance with OSFI's Capital Adequacy Requirements, Leverage Requirements, and Liquidity Adequacy Requirements guidelines.
2. Please refer to Slide 2, Endnote 1.
3. Numbers may not add due to rounding.

Slide 15

1. Gross Impaired Loan formations represent additions to Impaired Loans during the quarter.
2. GIL Formations Ratio: Gross Impaired Loan Formations/Average Gross Loans.

Slide 16

1. GIL Ratio: Gross Impaired Loans/Gross Loans (both are spot) by portfolio.

Slide 17

1. PCL Ratio: Provision for Credit Losses on a quarterly annualized basis/Average Net Loans.
2. Net Total Bank and U.S. Banking PCL ratios exclude credit losses associated with the retailer program partners' share of the U.S. Strategic Cards Portfolio, which is recorded in the Corporate Segment.
3. Gross Total Bank, U.S. Banking & Corporate PCL ratios include the retailer program partners' share of the U.S. Strategic Cards Portfolio, which is recorded in the Corporate Segment.
4. Please refer to Slide 2, Endnote 1

Endnotes on Slides 18 to 26

Slide 18

1. PCL-impaired represents Stage 3 PCL under IFRS 9, performing represents Stage 1 and Stage 2 on financial assets, loan commitments, and financial guarantees.

Slide 19

1. U.S. allowance includes international portfolio.
2. Coverage Ratio: Total allowance for credit losses as a % of gross loans.
3. U.S. Strategic Cards Partners' Share represents the retailer program partners' share of the U.S. Strategic Cards Portfolio ACL.
4. Consumer instalment and other personal includes the HELOC, Indirect Auto and Other Personal portfolios.
5. The Bank's estimated PCL range is based on forward-looking assumptions that have inherent risks and uncertainties. Results may vary depending on actual economic or credit conditions and performance, such as the level of unemployment, interest rates, economic growth or contraction, and borrower or industry specific credit factors and conditions, inclusive of policy and trade uncertainty. The Bank's PCL estimate is subject to risks and uncertainties including those set out on Slide 1 of this presentation and in the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A.

Slide 21

1. This column refers to specific page(s) and line items of the Bank's Q2 2026 Supplementary Financial Information package.
2. Please refer to Slide 13, Endnote 2.
3. Please refer to Slide 13, Endnote 3.
4. Charge reflecting a change in the partnership share in the U.S. strategic cards portfolio, resulting in an adjustment to the corresponding program receivable – Q2 2026: \$197 million or US\$144 million (\$147 million or US\$107 million after-tax).
5. Please refer to Slide 2, Endnote 1.

Slide 23

1. Please refer to Slide 2, Endnote 1.
2. Adjusts for the impact of foreign exchange on the U.S. Banking Bank by using source currency figures. These adjustments are done to reflect measures that the Bank believes are more reflective of underlying business performance.
3. Adjusts for the impact of the accounting requirements for the U.S. strategic cards portfolio. Eliminating the partners' share of the PCL removes a source of volatility that is not reflective of the Bank's underlying economic exposure. This can be done by adding Corporate PCL (which consists solely of the partners' share of the PCL) back to non-interest expenses. See Slide 22 for further information.
4. Excluding only the impact of the U.S. strategic cards portfolio partners' share, year-over year expense growth would have been 7% (\$7,998MM in Q2 2026 and \$7,478MM in Q2 2025), representing a year-over-year increase of \$520MM.

Slide 24

1. Numbers may not add due to rounding.
2. Excludes banking book in Wholesale Banking segment. Q2'26 NII impact from 100 bps change in interest rates across the curve for the banking book in Wholesale Banking is: C\$5MM for CAD +100bps, (C\$6MM) for CAD -100bps, (C\$101MM) for USD +100bps and C\$92MM for USD -100bps.

Slide 25

1. Numbers may not add due to rounding.
2. Canada: based on Personal Banking, Direct Investing (excluding self-serve transactions) and Business Banking. U.S.: based on U.S. retail banking and small business banking.
3. Users who have logged in via their mobile device at least once in the last 90 days.
4. All financial transactions that are processed through unassisted channels (Online, Mobile, ATM, and Phone IVR).
5. Share of accounts with an accountholder registered for digital self-service at the end of the quarter.
6. Number of self-service transactions completed on the MyInsurance platform.
7. The Bank's medium-term digital targets are based on forward-looking assumptions that have inherent risk and uncertainties and are based on the Bank's assumptions regarding certain factors, including general economic and market conditions and the prioritization and timing of business investments to execute against delivery roadmaps. Refer to Slide 1 and the "Risk Factors That May Affect Future Results" section of the Bank's Q2 2026 MD&A for additional information about risks and uncertainties that may impact the Bank's targets.
8. LTM: Last Twelve Months.

Slide 26

1. Numbers may not add due to rounding.
