Introducing the TD International Student GIC Program

Empowering international students to meet Canada’s study permit guidelines while in their home country.
Your financial journey in Canada begins here!

We understand the challenges of moving to a new country. We’re here to help support your immediate and future banking needs as you start your new life in Canada and look forward to serving you at over 1,085 branches and 3000+ ATMs across Canada.
The TD International Student GIC Program is meant to assist international students who are eligible for the Government of Canada’s Student Direct Stream Program (the “SDS Program”).

International students looking to meet the Government of Canada study permit guidelines can do so by opening a TD Student Chequing Account and by prefunding their required Guaranteed Investment Certificate (GIC) before arriving in Canada.

If you are eligible for the SDS Program, including by having an acceptance letter from a post-secondary designated learning institution in Canada and living in an eligible country under the SDS Program, you can apply to the TD International Student GIC Program.
Before you arrive in Canada you can:

- open a chequing account for your day-to-day banking needs in Canada which will only be available for use upon your arrival to Canada after the mandatory steps have been completed in a TD Canada Trust branch
- make a one-time international wire transfer to fund your GIC and help pay for your living expenses in Canada and
- purchase a GIC to meet the study permit guidelines

The TD International Student GIC Program includes a TD Student Chequing Account and a GIC investment. Following your attendance at a TD Canada Trust branch in Canada to complete our program requirements, a portion of your funds in the GIC will be periodically paid into your TD Student Chequing Account over a 12-month period.

Making plans to leave your home country and move to Canada takes a lot of work. At TD, we’re here to help support you moving forward in your journey to Canada.

The Pre-Arrival Application Process

Opening your TD Student Chequing Account and TD International Student GIC is simple and secure!

Once you submit your fully completed application form and related documents online, we will process your application.

When we determine that your application form and related documents are complete and in good order, we will send you within 2 to 5 business days via secure email a Welcome Package with your account details and the link for the TD Proof of Enrollment Portal.

Once you have received the account details, as a mandatory step you will need to upload through the TD Proof of Enrollment Portal, your letter of acceptance from a post-secondary designated learning institutions in Canada.

After the submission of this letter of acceptance, follow the instructions in the Welcome Package to fund your TD Student Chequing Account.

Visit customercollaboration.TD.com/student to upload your letter of acceptance
You will then need to send an international wire transfer to fund your **TD Student Chequing Account**. Only one remittance by international wire transfer, in the amount of minimum **CAD $10,000** plus incoming wire payment fee and maximum **CAD $25,000** including incoming wire payment fee, will be accepted into your **TD Student Chequing Account**. The fee for receiving a wire payment is outlined in the TD Service Fee Schedule in our **About our Account and Related Services** document provided to you. You should plan for your international wire transfer to take approximately **5 or more business days** to reach TD; please check with your local remitting bank for a more specific time frame.

For additional information on funds that need to be converted from a foreign currency to Canadian dollars, please Refer to **Financial Service Terms** section 2.10 How do we handle foreign currency?

Your **TD Student Chequing Account** must be funded by an international wire transfer within 90 calendar days of its opening date to remain open. An account not funded within 90 calendar days of its opening date will be automatically closed.

Once TD receives your international wire transfer, CAD $10,000 will be invested in a TD International Student GIC. Any amount above CAD $10,000 will remain in your TD Student Chequing Account.

Following your consent for the GIC purchase as outlined in the **GIC Investment Details document**, the **TD International Student GIC** will be issued. Subsequently, you will receive a **Confirmation of Investment document**, outlining the GIC details including principal amount (**CAD $10,000**), interest rate, issuance date, term, and maturity date.
In any of the following circumstances, an international wire transfer received by us from you will be returned to the account from which the funds originated:

- if the initial one-time international wire transfer received by us is for an amount less than CAD $10,000 or more than CAD $25,000; or
- if any subsequent or additional remittance or deposit in addition to the initial CAD $10,000 CAD $25,000 international wire transfer is made to your TD Student Chequing Account before you arrive in Canada and complete the above-mentioned program requirements.

Once the **TD Student Chequing Account** is opened and **TD International Student GIC** is funded, no transactions will be permitted on them until you have completed all the program requirements at a **TD Canada Trust branch** in Canada.

Once you have your study permit and move to Canada, you must make an appointment to visit a **TD Canada Trust branch** of your choice for ID verification and signing of documents to activate your **TD Student Chequing Account** and your **TD International Student GIC**.

**TD Secure Email:** You will need to register for the secure email service upon receiving your first TD Secure Email message from us. This message will be valid for 14 calendar days only.

If you do not visit one of our branches and complete these steps within the 365 calendar days of opening your TD Student Chequing Account, your TD Student Chequing Account and your TD International Student GIC will be closed and the principal plus accrued interest will be returned to the account from which you sent to us the international wire transfer described above.
