Except as provided in subsection 25(4) of the Act, the Locked-in Amount may not be assigned, charged, anticipated or given as security in whole or in part and any transaction purporting to assign, charge, anticipate or give the Locked-in Amount as security is void.

5. **Statements:** The Trustee will send to the owner statements at the beginning of each fiscal year of the Fund until the date on which the balance of the Fund is converted into an immediate life annuity or deferred life annuity in accordance with section 11(b) of this Addendum (the "**Conversion Date**") indicating:
- the sums deposited;
 - the accumulated earnings and payments made out of the Fund;
 - the fees charged against the Fund during the previous fiscal year;
 - the balance of the Fund;
 - the minimum amount that must be paid out of the Fund to the owner during the current fiscal year; and
 - the maximum amount that may be paid out of the Fund to the owner during the current fiscal year.

6. **Investments:** The Locked-in Amount shall be invested in a manner that complies with the rules for the investment of registered retirement income funds contained in the *Income Tax Act* (Canada).

7. **Value of the Fund:** The value of the Fund as of the close of business on a particular date (the "**Valuation Date**") shall be determined by the Trustee by valuing the property of the Fund at market value (as determined by the Trustee) and deducting therefrom any amounts which are deemed by the Trustee in its sole discretion to be properly chargeable to the Fund as of the Valuation Date, including without limitation all fees and other amounts payable to the Trustee (such net amount herein referred to as the "**value of the Fund**").

The value of the Fund as determined by the Trustee pursuant to this section 7 shall be conclusive and binding on all parties interested in the Fund for the purposes of:

- a transfer of assets;
- the purchase of a life annuity contract, and
- a payment or transfer on death of the owner.

The value of the Fund at the beginning of a year will be equal to the value of the Fund as of the close of business on the last business day of the Trustee in the immediately preceding year, or on such later date in such preceding year as may be determined by the Trustee.

8. **Periodic Payments Out of the Fund:** Payments out of the Fund must begin not later than the end of the second calendar year after the Fund was entered into.
9. **Retirement Income:** Commencing not later than the end of the second calendar year after the Fund was entered into or as otherwise prescribed by the *Income Tax Act* (Canada), the owner must decide the amount of the retirement income to be paid each year under this Addendum. Such retirement income payments shall be paid in one or more amounts the aggregate of which may not be less than the Minimum Amount or exceed the Maximum Amount respectively as defined below. Where the Maximum Amount is less than the Minimum Amount, the Minimum Amount must be paid. The amount of income paid during a calendar year shall be fixed by the owner, annually or at another time agreed to by the Trustee, such decision by the owner, in all cases, terminating at the end of a calendar year to which it relates, the whole subject to the following limits:

(a) Maximum Amount

- For any calendar year before the calendar year in which the owner reaches 90 years of age, the amount of income paid out of the Fund shall not exceed the maximum amount M calculated in accordance with the following formula:

$$M = \frac{C}{\bar{F}}$$

where

C = is the balance in the Fund at the beginning of the calendar year, or if that amount is zero, the balance in the Fund at the date the initial amount was transferred into the Fund;

F = is the value, at the beginning of the calendar year, of a pension benefit of which the annual payment is \$1.00 payable on January 1 of each fiscal year between that date and the 31st day of December of the year in which the owner reaches 90 years of age; and

- except that, for any calendar year in which the owner reaches 90 years of age and for all subsequent calendar years, the amount of income paid out of the Fund shall not exceed the value of the funds held in the Fund immediately before the time of the payment; and
 - except that, for the initial calendar year of the Fund, M shall be adjusted in proportion to the number of months in the fiscal year divided by 12, with any part of an incomplete month counting as one month.
- The value of F in subsection 9(a)(i) of this Addendum shall be calculated at the beginning of each calendar year by using:
 - in respect of each of the first 15 years after the date of the valuation, an interest rate that is less than or equal to the monthly average yield on Government of Canada marketable bonds of maturity over 10 years, as published by the Bank of Canada, for the second month before the beginning of the calendar year; and
 - in respect of each subsequent year, an interest rate of not more than 6% per year.
 - If a part of the Fund purchased at the beginning of a calendar year corresponds to sums transferred directly or indirectly during the same year from another restricted life income fund of the owner earlier in the calendar year in which the Fund was established, the amount M in subsection 9(a)(i) of this Addendum shall be deemed to be zero in respect of that part of the Fund for that calendar year.

(b) Minimum Amount

- The amount of income paid out of the Fund during a calendar year shall not be less than the minimum amount prescribed for registered retirement income funds pursuant to subsection 146.3(1) of the *Income Tax Act* (Canada), as amended from time to time. Where the Minimum Amount for the year has not yet been withdrawn, the Trustee will retain a sufficient portion of the Fund to permit the payment of the Minimum Amount for the year in accordance with this paragraph.

- (ii) For the initial fiscal year of the Fund or any other fiscal year as prescribed by the *Income Tax Act* (Canada), the Minimum Amount in paragraph 9(b)(i) shall be deemed to be zero.
- (c) If the owner does not decide the amount to be paid out of the Fund for a year, the Minimum Amount determined under subsection 9(b) shall be deemed to be the amount to be paid.

10. **Transfers:** Subject to the terms and maturity of the investments that the owner has selected for the Fund, the owner may transfer, to the extent permitted by paragraph 146.3(2)(e) of the *Income Tax Act* (Canada), all or part of the Locked-in Amount, after deduction of any unpaid fee:

- (a) to another restricted life income fund;
- (b) before the 31st day of December in the year in which the owner reaches age 71, or such other age as may be required under the *Income Tax Act* (Canada) from time to time, to a restricted locked-in savings plan; or
- (c) to purchase an immediate life annuity or deferred life annuity as stipulated in paragraph 60(l) of the *Income Tax Act* (Canada) and which meets the requirements of the Regulations.

The Trustee will make such a transfer or purchase within 30 days of the owner's requests, unless the Fund consists of securities whose term of investment extends beyond the 30 day period. Where the Fund holds identifiable and transferable securities, the transfer or purchase referred to may, unless otherwise stipulated, at the option of the Trustee and with the consent of the owner, be effected by remittance of the investment securities of the Fund.

Where the balance of the Fund is transferred pursuant to this section 10, the Trustee will provide the owner with a statement described in section 5 determined as of the date of the transfer.

11. **Payment of the Balance in the Fund:**

- (a) The Trustee will invest, use and allocate the total assets in the Fund for the sole purpose of making payments to the owner in the following manner:
 - (i) between the date of the first payment of the income until the Conversion Date, the income will be paid in accordance with the terms of payment indicated by the owner. The first payment of the income may be made not later than the last day of the second calendar year after the Fund is entered into;
 - (ii) from the Conversion Date of the Fund into an immediate life annuity or a deferred life annuity that meets the requirements of the Applicable Pension Legislation and paragraph 60(l) of the *Income Tax Act* (Canada), the benefits will be paid by the insurer according to the instructions and terms of payment indicated by the owner. As from the Conversion Date the Trustee will be discharged of and from all further obligations and liabilities to the owner.
- (b) The owner of the Fund may require the conversion of the balance of the Fund into an immediate life annuity or a deferred life annuity at any time, unless the term agreed to for an investment has not expired. The owner hereby appoints the Trustee as his or her attorney in fact to execute all such documents and to make all such elections as are necessary to effect the foregoing.

- (c) For the purposes of the life annuity, the spousal or common-law status of the owner of the Fund is to be determined on the date the annuity is purchased; provided that where the Trustee purchases a life annuity contract on behalf of the owner pursuant to the power of attorney contained in subsection 11(b) of this Addendum, the spousal or common-law status of the owner shall be determined by reference to the Trustee's own records.

12. **Survivor's Benefits:**

- (a) If the owner of the Fund is a member or former member of a pension plan and if he or she dies before the Conversion Date, the owner's surviving spouse or surviving common-law partner is entitled to receive a benefit equal to the balance of the Fund, to the extent permitted by subsection 146.3(2) of the *Income Tax Act* (Canada), payable by:
 - (i) transferring the assets of the Fund to another restricted life income fund or to a life income fund under which the surviving spouse or surviving common-law partner is the annuitant;
 - (ii) using the assets of the Fund to purchase an immediate life annuity or deferred life annuity as stipulated in paragraph 60(l) of the *Income Tax Act* (Canada) under which the surviving spouse or the surviving common-law partner is the annuitant and which meets the requirements of the Regulations;
 - (iii) or transferring the funds to a locked in registered retirement savings plan or to a restricted locked-in savings plan under which the surviving spouse or the surviving common-law partner is the annuitant and which meets the requirements of the Regulations,

payable upon receipt by the Trustee of evidence satisfactory to the Trustee of the owner's death and all other legal documents that the Trustee may reasonably require. If the owner does not have a surviving spouse or surviving common-law partner, upon the death of the owner described in this subsection 12(a), a benefit equal to the value of the Fund, after the deduction of income tax withheld at source, shall be paid to the owner's named beneficiary if permitted by applicable law or, if there is none or if the beneficiary predeceases the owner, the owner's estate. For the purposes of this subsection 12(a), a person's spousal or common-law status is determined on the date of death of the owner.

- (b) If the owner dies before the Conversion Date, the Trustee will provide the person entitled to receive the balance with the information described in section 5 hereof, determined as of the date of the owner's death.
 - (c) Any division of pension benefit credits shall be made in accordance with the applicable provincial property law and paragraph 146.3(14)(b) of the *Income Tax Act* (Canada).
13. **Differentiation as to Sex:** If a pension benefit credit transferred to the Fund was not varied according to the sex of the owner, an immediate life annuity or a deferred life annuity purchased with the funds accumulated in the Fund shall not differentiate as to sex.
14. **Payment upon Disability:** Where the owner provides the Trustee with a written certificate of a physician which provides that, owing to mental or physical disability, the life expectancy of the owner is likely to be shortened considerably, the Trustee may make a lump sum payment of the balance of the Fund to the owner.

15. **Non-Resident Unlocking:** Notwithstanding section 3 of this Addendum, where the owner has ceased to be a resident of Canada for at least two years, the Locked-in Amount is exempt from the provisions respecting locking-in set out in section 18 of the Act. For purposes of this paragraph, an owner shall be deemed to have been a resident of Canada throughout a year if the owner has sojourned in Canada in the year for a period of, or periods the total of which is, 183 days or more.
16. **Small Balance Unlocking:** In the calendar year in which the owner reaches 55 years of age or in any subsequent calendar year, the Locked-in Amount may be paid to the owner in a lump sum if:
- the owner certifies, in a form satisfactory to the Trustee, that the total value of all assets in all locked-in registered retirement savings plans, life income funds, restricted locked-in savings plans and restricted life income funds that were created as a result of the transfer of pension benefit credits under section 26 of the Act or a transfer authorized by the Regulations is less than or equal to 50% of the Year's Maximum Pensionable Earnings (as such term is defined in the *Canada Pension Plan*); and
 - the owner provides the Trustee, in a form satisfactory to the Trustee of
 - Attestation(s) Regarding Spouse/Common-Law Partner (Form 2 of Schedule V of the Regulations); and
 - Attestation of Total Amount Held in Federally Regulated Locked-in Plans (Form 3 of Schedule V of the Regulations).
17. **Financial Hardship Unlocking:** Subject to section 18 of this Addendum, if the owner certifies, in a form satisfactory to the Trustee, that he or she has not made a withdrawal in the current calendar year from any restricted life income fund pursuant to subsection 20.3(1)(m) of the Regulations, or from a locked-in registered retirement savings plan pursuant to subsection 20(1)(d) of the Regulations, or from a life income fund pursuant to subsection 20.1(1)(m) of the Regulations or from a restricted locked-in savings plan pursuant to subsection 20.2(1)(e) of the Regulations, other than within the last 30 days before the said certification and if the owner provides the Trustee, in a form satisfactory to the Trustee, an Attestation Regarding Withdrawal Based on Financial Hardship (Form 1 of Schedule V of the Regulations) and Attestation(s) Regarding Spouse/Common-Law Partner (Form 2 of Schedule V of the Regulations), the owner may withdraw from the Fund up to the lesser of:
- $M + N$
where
 M is the total amount of the expenditures that the owner expects to make on medical or disability-related treatment or adaptive technology for the calendar year, and
 N is the greater of zero and the amount determined by the formula $P - Q$
 where
 P is 50% of the Year's Maximum Pensionable Earnings (as such term is defined in the *Canada Pension Plan*), and
 Q is two thirds of the owner's total expected income for the calendar year determined in accordance with the *Income Tax Act* (Canada), excluding withdrawals in the calendar year from any restricted life income plan pursuant to subsection 20.3(1)(m) of the Regulations, or from a locked-in registered retirement savings plan pursuant to subsection 20(1)(d) of the Regulations, or from a life income fund pursuant to subsection 20.1(1)(m) of the Regulations, or from a restricted locked-in savings plan pursuant to subsection 20.2(1)(e) of the Regulations;
- and
- 50% of the Year's Maximum Pensionable Earnings (as such term is defined in the *Canada Pension Plan*) minus any amount withdrawn in the calendar year from any restricted life income fund pursuant to subsection 20.3(1)(m) of the Regulations, or from a locked-in registered retirement savings plan pursuant to subsection 20(1)(d) of the Regulations, or from a life income fund pursuant to subsection 20.1(1)(m) of the Regulations, or from a restricted locked-in savings plan pursuant to subsection 20.2(1)(e) of the Regulations.
18. If the value of M in section 17(a) is greater than zero,
- the owner must certify, in a form satisfactory to the Trustee, that the owner expects to make expenditures on medical or disability-related treatment or adaptive technology for the calendar year in excess of 20% of the owner's total expected income for that calendar year determined in accordance with the *Income Tax Act* (Canada), excluding withdrawals in the calendar year from any restricted life income fund pursuant to subsection 20.3(1)(m) of the Regulations, or from a locked-in registered retirement savings plan pursuant to subsection 20(1)(d) of the Regulations, or from a life income fund pursuant to subsection 20.1(1)(m) of the Regulations, or from a restricted locked-in savings plan pursuant to subsection 20.2(1)(e) of the Regulations; and
 - a physician must certify, in a form satisfactory to the Trustee, that such medical or disability-related treatment or adaptive technology is required.
19. **50% Unlocking:** If the Fund is established in the calendar year in which the owner reaches 55 years of age or in any subsequent calendar year, the owner may transfer 50% of the Locked-in Amount to a registered retirement savings plan or a registered retirement income fund within 60 days after the establishment of the Fund if,
- the Fund was created as the result of the transfer of a pension benefit credit under section 16.4 or 26 of the Act or a transfer from a locked-in registered retirement savings plan, a life income fund or pooled registered pension plan, and
 - if the owner provides the Trustee, in a form satisfactory to the Trustee of Attestation(s) Regarding Spouse/Common-Law Partner (Form 2 of Schedule V of the Regulations).
20. **Amendments:** Notwithstanding any other provisions contained in this Addendum, the terms and conditions contained in this Addendum may be amended by the Trustee at any time and from time to time, provided that such amendments are consistent with the continued registration of the Fund (as amended by this Addendum) under the *Income Tax Act* (Canada) and the continued compliance of the Fund (as amended by this Addendum) with the Applicable Pension Legislation. Amendments so made shall take effect on the first day following 30 days' notice thereof by mail to the owner at his or her address appearing on the records of the Trustee. In addition, the terms of this Addendum shall be amended

from time to time without notice to the owner in order that the Fund complies with the provisions of the *Income Tax Act* (Canada) and the Applicable Pension Legislation.

21. **Priority:** The provisions of this Addendum will take precedence over the provisions of the Declaration of Trust in the event of conflicting or inconsistent provisions.

22. **Applicable Law:** This Addendum will be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.
