# Caution regarding forward-looking statements

From time to time, the Bank makes written and/or oral forward-looking statements, including in this document, in other filings with Canadian regulators or the U.S. Securities and Exchange Commission, and in other communications. In addition, representatives of the Bank may make forward-looking statements orally to analysts, investors, the media and others. All such statements are made pursuant to the “safe harbour” provisions of, and are intended to be forward-looking statements under, applicable Canadian and U.S. securities legislation, including the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements made in this document, the Management’s Discussion and Analysis in the Bank’s 2013 Annual Report (“2013 MD&A”) under the headings “Economic Summary and Outlook”, for each business segment “Business Outlook and Focus for 2014” and in other statements regarding the Bank’s objectives and priorities for 2014 and beyond and strategies to achieve them, and the Bank’s anticipated financial performance. Forward-looking statements are typically identified by words such as “will”, “should”, “believe”, “expect”, “anticipate”, “intend”, “estimate”, “plan”, “may”, and “could”.

By their very nature, these forward-looking statements require the Bank to make assumptions and are subject to inherent risks and uncertainties, general and specific. Especially in light of the uncertainty related to the physical, financial, economic, political, and regulatory environments, such risks and uncertainties – many of which are beyond the Bank’s control and the effects of which can be difficult to predict – may cause actual results to differ materially from the expectations expressed in the forward-looking statements. Risk factors that could cause such differences include: credit, market (including equity, commodity, foreign exchange, and interest rate), liquidity, operational (including technology), reputational, insurance, strategic, regulatory, legal, environmental, capital adequacy, and other risks. Examples of such risk factors include the general business and economic conditions in the regions in which the Bank operates; disruptions in or attacks (including cyber attacks) on the Bank’s information technology, internet, network access or other voice or data communications systems or services; the evolution of various types of fraud to which the Bank is exposed; the failure of third parties to comply with their obligations to the Bank or its affiliates relating to the care and control of information; the impact of recent legislative and regulatory developments; the overall difficult litigation environment, including in the U.S.; increased competition including through internet and mobile banking; changes to the Bank’s credit ratings; changes in currency and interest rates; increased funding costs for credit due to market illiquidity and competition for funding; and the occurrence of natural and unnatural catastrophic events and claims resulting from such events. The Bank cautions that the preceding list is not exhaustive of all possible risk factors and other factors could also adversely affect the Bank’s results. For more detailed information, please see the “Risk Factors and Management” section of the 2013 MD&A, as may be updated in subsequently filed quarterly reports to shareholders and news releases (as applicable) related to any transactions discussed under the heading “Significant Events” in the relevant MD&A, which applicable releases may be found on [www.td.com](http://www.td.com). All such factors should be considered carefully, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements, when making decisions with respect to the Bank and the Bank cautions readers not to place undue reliance on the Bank’s forward-looking statements.

Material economic assumptions underlying the forward-looking statements contained in this document are set out in the 2013 MD&A under the headings “Economic Summary and Outlook”, and for each business segment, “Business Outlook and Focus for 2014”, each as updated in subsequently filed quarterly reports to shareholders.

Any forward-looking statements contained in this document represent the views of management only as of the date hereof and are presented for the purpose of assisting the Bank’s shareholders and analysts in understanding the Bank’s financial position, objectives and priorities and anticipated financial performance as at and for the periods ended on the dates presented, and may not be appropriate for other purposes. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf, except as required under applicable securities legislation.

1. Q3/14 is the period from May 1, 2014 to July 31, 2014.

2. Total Deposits based on total of average personal and business deposits during Q3/14. U.S. Retail deposits include TD Ameritrade Insured Deposit Accounts (IDAs), Canadian Retail deposits include personal, business and wealth deposits.

3. Total Loans based on total of average personal and business loans during Q3/14.

4. For trailing four quarters ended Q3/14. See slide 4, footnote 3 for definition of adjusted results.

5. Average number of full-time equivalent staff in these segments during Q3/14. In Q1 2014, the Bank conformed to a standardized definition of full-time equivalent staff across all segments. The definition includes, among other things, hours for overtime and contractors as part of its calculations.

**Simple strategy, consistent focus**

1. See slide 6.

2. For long term debt (deposits) of The Toronto-Dominion Bank, as at July 31, 2014. Credit ratings are not recommendations to purchase, sell, or hold a financial obligation inasmuch as they do not comment on market price or suitability for a particular investor. Ratings are subject to revision or withdrawal at any time by the rating organization.

3. Effective November 1, 2011, the Bank prepares its consolidated financial statements in accordance with International Financial Reporting Standards (IFRS), the current generally accepted accounting principles (GAAP), and refers to results prepared in accordance with IFRS as the "reported" results. The Bank also utilizes non-GAAP financial measures to arrive at "adjusted" results (i.e. reported results excluding "items of note", net of income taxes) to assess each of its businesses and measure overall Bank performance. Please see "How the Bank Reports" starting on page 5 of the 3<sup>rd</sup> Quarter 2014 Earnings News Release for further explanation and a reconciliation of the Bank's non-GAAP measures to reported basis results.

4. Retail includes Canadian Retail and U.S. Retail segments. See slide 7 for more detail.

5. Return on risk-weighted assets (RWA) is calculated as adjusted net income available to common shareholders divided by average RWA. See slide 21 for details. See footnote 3 above for definition of adjusted results.

## FROM TRADITIONAL DEALER TO FRANCHISE DEALER

**Evolving into a lower-risk retail focused bank with a franchise dealer**

## Our Risk Appetite

**We take risks required to build our business,  
but only if those risks:**

- Fit our business strategy and can be understood and managed
- Do not expose the enterprise to any significant single loss events; we don't "bet the bank" on any single acquisition, business or product
- Do not risk harming the TD brand

## Adjusted Earnings<sup>1,2,4</sup> (C\$MM)

**Targeting 7-10% adjusted EPS growth over the medium term**

1. The Bank transitioned from Canadian Generally Accepted Accounting Principles (GAAP) to International Reporting Standards (IFRS) effective November 1, 2011. As a result of this transition, balances presented in the graph above are based on Canadian GAAP for 2009 to 2010 and based on IFRS for 2011 to 2013. For details on the Bank's transition from Canadian GAAP to IFRS please see Note 40 of the 2012 Financial Statements and Notes. See slide 4 footnote 3 for definition of adjusted results. See also pages 186-191 of the 2012 Annual Report for a reconciliation for 10 years ending FY12. For the purpose of calculating contribution by each business segment, adjusted earnings from the Corporate segment are excluded.

2. Effective July 4, 2011, executive responsibilities for TD Insurance were moved from Group Head Canadian P&C Segment to Group Head Wealth Segment. Results are updated for segment reporting purposes effective Q1 2012. These changes were applied retroactively to 2011 for comparative purposes.

3. As a result of the Bank's transition to IFRS as described above, the calculation of the Compounded Annual Growth Rate (CAGR) includes balances based on Canadian GAAP from 2009 to 2010 and balances based on IFRS from 2011 to 2013.

4. Effective Q1 2014, retail segments were realigned into Canadian Retail and U.S. Retail. For details of the retail segments, see slides 3 and 7. The segment realignment along with implementation of new IFRS standard and amendments, and impact of the stock dividend announced on December 5, 2013 were applied retroactively to 2012 and 2013 results.

<b>Rating</b>	Aa1	AA-	AA
<b>Outlook</b>	Negative	Negative	Stable

1. As a result of the transition to IFRS as described on slide 11, footnote 1, the calculation of risk-weighted assets is based on IFRS. Return on Risk-Weighted Assets (RWA) is adjusted net income available to common shareholders divided by average RWA. Adjusted results are defined on slide 4, footnote 3. Effective Q1/13, amounts are calculated in accordance with the Basel III regulatory framework, and are presented based on the “all-in” methodology.  
 2. TD based on Q3/14 adjusted results as defined on slide 4, footnote 3.
